## GODS OF THE OLYMPUS

Gods of the Olympus  
Admired by mortals  
We're brave and courageous  
With extraordinary virtues

Gods of the Olympus  
Admired by mortals  
We're brave and courageous  
With extraordinary virtues

This baby will be the future king of all Gods  
With the guidance of his parents  
And a heart full of love

We are gathered here today  
And your joy we are sharing

Your son is here, he's Hercules  
Welcome baby, he's our prince!

Gods of the Olympus  
Admired by mortals  
We're brave and courageous  
With extraordinary virtues

Hercules is here, he will be our king

We're brave and courageous  
With extraordinary virtues.

## HERCULES THE HERO

Hercules was born to be a God,  
Hercules was born to be a God  
Like Zeus, his father, he was born to be a God

A promising beautiful strong child,  
To save the world against evil and hate  
He was the most beautiful boy on Mount Olympus  
Where he was born

Hercules was born to be a God,  
Hercules was born to be a God  
Like Zeus, his father, he was born to be a God

But nobody knew that evil was  
Dancing around the beautiful child  
Under the shape of an innocent  
Sacred liquid in a pretty flask

The liquid to destroy baby God  
(The liquid to destroy baby God)  
The liquid to destroy baby God  
(The liquid to destroy baby God)

Return to us little baby God,  
We'll sing a lullaby for your joy

Sleep, sleep, sleep, sleep little baby  
Dream, dream, Zeus is your daddy  
Sleep, sleep, sleep, sleep little baby  
Dream, dream, Zeus is your daddy.

## GODS OF THE OLYMPUS (HADES REPRISÉ)

Gods of the Olympus  
Admired by mortals  
Your time is almost over,  
The war is about to start

Gods of the Olympus  
Admired by mortals  
Your time is almost over,  
The war is about to start.

## HERCULES FINDS A HOME

### MUSE

And there we have,  
Mum, dad and son  
Happy they are in their humble style

No one would say he isn't their son  
As love was a must in their home, sweet home  
Love was a must in their home, sweet home

It was, sometimes, a bit hard to teach him  
How he should use that strength he had  
And the people in town went mad, they went mad

### CHORUS 2

Hercules doesn't belong to us,  
He's too strong, he'll destroy us all

### CHORUS 3

Awkward and slow, but a good boy.  
Hercules must control his strength

### ALL

Hercules must control his strength,  
Hercules must control his strength.

## MY MISSION

I always felt, I always knew,  
One day I'd have to go away.  
The time has come to face the truth,  
The day has come to try my fate

I always felt, I always knew,  
I did not belong to this place.  
I was afraid to see the whole truth,  
But now my fears are gone  
My life begins today

My mission is about to start,  
The Gods will lead my clumsy steps  
The time has come to face the truth,  
The day has come to try my fate

I was afraid to know my story,  
But now I have to face the past  
It's time to see what the future brings  
Because the best is yet to come

My mission is about to start,  
The Gods will lead my clumsy steps

The time has come to face the truth  
The day has come to try my fate.  
The time has come to face the truth  
The day has come to try my fate.

## ALMOST READY

### CHIRON

My dear boy, a hero you will be.  
Many expectations are set on you,  
A heavy burden on your shoulder  
And on my humble but useful service.  
I dare say you're almost there

You're almost ready,  
But one is ready when one is ready,  
Not a minute later, nor one before  
As simple as that, the time has come  
To show the world, the hero you are

### HERCULES

Chiron the coach, my noble friend  
Day after day we did our best  
To be the hero Zeus wants  
And get my place on Olympus  
I dare say, I'm almost there

### BOTH

I'm/You're almost ready,  
But one is ready when one is ready,  
Not a minute later, nor one before  
As simple as that, the time has come  
To show the world, the hero I am/You are!

## IF YOU WANT TO BE GOOD

### HERCULES

If you want to be good, but really good indeed  
You'd better not make plans,  
Be the best that you can be.  
Don't wait for a reward, because one day it will come  
Your heart will be the one  
To judge what you have done

### MEGARA

Your words sound nice but nice  
Isn't good enough in a real world  
You may try to do what's right  
But you'll see you're on your own

### HERCULES

A hero you'll become  
Even if the world's against you  
You're the one who can decide  
If you did right or wrong

### BOTH

If you want to be good (if you want to be good)  
But really good indeed (really good indeed)  
You'd better not make plans,  
Be the best that you can be.  
Don't wait for a reward,  
Because one day it will come  
Your heart will be the one  
To judge what you have done,  
What you have done.

## I WILL SUCCEED

### HADES

I am the darkness, I am the master  
I think of creepy, sneaky things  
To make the world fall  
Under my feet  
Destroying Hercules, I will succeed

I'll take his soul, I'll make him fall  
And I will succeed  
He's gonna burn, I'll take it all  
I am the one to fear  
And I will succeed!

He must be alone, he must be off guard  
He won't see it come  
And I will send him home!

I'll take his soul, I'll make him fall  
And I will succeed

He's gonna burn, I'll take it all  
I am the one to fear  
And I will succeed!
