

STRIKING ANGELS

SONG

My Angelic Inner Voice

Listen, sing, play, dance and enjoy!

NORMAN

When deep in your soul
You feel everything's lost
There's still a good chance
To find a bit of hope

ELAINE

You are not alone
You're part of this world
Of something that's bigger
Than anything you've known

BOTH

The cosmos works as it's meant to;
you will always find your way.
Your angelic light will shine within you
whenever the world brings you down.
I can tell you this, and much more than this,
because I know the source of that angelic inner voice.

The light never dies
It's meant to be shared
It's present all the time
I will sing it out loud

And tell you, my friend
Believe in what I say
Love is there
It's yours

Your angelic light
Will shine within you
Whenever the world brings you down
I can tell you this, and much more than this

Because I know the source of that angelic inner voice

Clap and shout
Now you see it
Clap and shout
You've got an angel with you

Clap and shout
Now you see it
Clap and shout
You've got an angel with you
